

Who is OBXtek Inc.?

OBXtek is a verified Service Disabled Veteran Owned Small Business (SDVOSB) with a successful past performance record with the Department of Veteran Affairs, US Air Force, US Army, and Social Security Administration. Effective and efficient management decisions are enabled by OBXtek's corporate philosophy that the Information Technology (IT), Management Support, and Logistic services provided must enhance the operational needs of our customers while at a competitive price. OBXtek has an effective recruiting process allowing us to find only the highest qualified applicants, while our excellent benefit and compensation program results in good retention rates. Our business processes are ISO 9001-2000 compliant and we are in the process of being ISO 9001-2000 certified.

What OBXtek does:

Information Technology Support – Share-point support, IT training, Network engineering, design and integration, application programming, implementation and training, and analysis and reporting.

Management Support – Program Management Support, IT life cycle management, and business process engineering.

Logistic Support – Flight line services, automated logistic systems, cable design and installation, and deployment support.
